## PERSONAL BIO

---

Liam is a creative, imaginative, and outgoing seven-year-old boy! He has a warm-hearted and extroverted personality, which he uses to bring a smile to the face of anyone he meets. Liam thrives on making people laugh and does so with his natural gift of comedy while finding excitement in all that he does. Liam is currently homeschooled and thriving in his academics – reading at a 4<sup>th</sup> grade level and nearing completion of a 2<sup>nd</sup> grade math curriculum. Outside of school, Liam loves playing video games, interacting with our family pets (dogs, cat, and guinea pig), conducting science experiments, learning magic tricks, making crafts with his two older sisters, hosting singing/dancing performances to anyone who will watch, and reading the Bad Kitty series over and over!
