## **Special Skills:**

I have an abundance of energy. I am a tap dancer, primarily. I've also studied jazz, modern and ballet. I can still cartwheel, do the splits and perform some theatrical tricks including a mean stage fall! I love gardening and anything outdoors, bike riding, singing, dancing and playing with kids. I volunteer at parks, theaters, nursing homes, and schools. I have taught dance most of my adult life, and have choreographed over a dozen plays.
