Personal Bio

I love sports, mainly basketball and I'm a huge Timberwolves fan. In my free time I like writing music or going to the gym. I recently had a daughter last year and she has been a bundle of joy in my life, so when I'm not at work I love spending time with her and my wife as well. I find myself to be very sociable once I get comfortable, I've noticed when I show up for projects and around new people I can tend to get nervous for a little bit. I would say I am a peaceful person, or more laid back type of guy. I work great in team settings and I always welcome constructive criticism so I can further improve on whatever the subject is. Since was young I've joked around a lot by role playing with different voices and that's what led me to pursue acting!
