Personal Bio

When I was in elementary school I learned about the Renaissance man and made it my mission to be one. I was also blessed to have parents that promoted well-roundedness. I take a lot of pride in excelling at whatever I do, no matter the area of study or interest group. All of the teachers, coaches, and choreographers I've worked with have commended me on my ability to learn quickly and take direction. It's probably a byproduct of being a first generation American to Kenyan immigrants or being the firstborn or even having ADHD, nonetheless I'm glad to say I became what 8-year-old me dreamed of becoming one day. Not just a multifaceted cosmopolitan, but someone who is kind and willing to hear what others have to say.
