PERSONAL BIO

I am an actor who has majored in Digital Art and Photography & minored in Film at the University of Minnesota Duluth. While in college, I created a film titled *Stand Out* which screened at the St. Paul/Minneapolis International Film Festival. I also had my fashion photography be a part of the *ON CLOTHING* Exhibition that took place in Rome. I enjoy fashion, singing/making music, and studying what it means to be an actor. Moreover, my love for filmmaking has grown my love for acting. I am passionate with a strong work ethic, and I have an unrelenting desire to entertain.
