PERSONAL BIO

Hello, I'm Earl, a determined and passionate model ready to bring diversity and uniqueness to the world of fashion and entertainment. Despite being in a wheelchair since the age of 17, I've never let my circumstances limit my dreams. I'm 24 now and thrilled to embark on this exciting journey. Beyond modeling, my life is a blend of diverse interests. I'm an avid gamer, finding solace and inspiration in experiencing virtual worlds with my friends. I've also immersed myself in learning Korean, driven by my love for K-pop music and culture. Exploring new cuisines at local eateries is another one of my joys, always on the lookout for new flavors to savor. Spending quality time with friends and cherishing the close bonds I share with my mother and sister are essential to me. I'm also a fitness enthusiast, regularly hitting the gym to maintain a healthy and active lifestyle.
